

Family STEAM Challenge #3

Lunch on the GOOOO!

The Scenario: Sometimes we are in a hurry and have to eat on the go. How can you create your own lunchbox to store all your food but make it easy for on the go eating?

The Challenge: To design and create a lunchbox that is small in size but can hold a lot of food. How can you make it easy to carry? How can it make eating on the go easier?

Possible Materials:

- *paper
- *glue
- *string
- *pop sticks
- *craft items and materials around the house

Remember to:

- Complete the design stage first.
- Record the process/steps as you complete them.
- Work together with family members.
- Decorate it with your own personal touch.
- Be CREATIVE!
